

Royal Caribbean International's Voyager of the Seas To Cruise To Bermuda In 2005
Voyager of the Seas to offer Bermuda destination in 2005.

Bayonne, July 15, 2004- Royal Caribbean International will soon be offering cruisers a new way to experience Bermuda in 2005. Bookings now are open on five-night Bermuda cruises aboard *Voyager of the Seas* from Cape Liberty Cruise Port at The Peninsula at Bayonne Harbor in Bayonne, NJ, available May through November 2005.

"Bermuda is an ideal cruise destination, offering both history and charm, as well as a variety of experiences to appeal to travelers with different interests," said Dan Hanrahan, senior vice president, Marketing and Sales, for Royal Caribbean International. "We are extremely pleased to offer our guests a convenient departure point aboard the *Voyager of the Seas* which offers an extensive array of activities and amenities to ensure guests' time onboard is as enjoyable as time spent exploring the island."

"The expansion of new cruise offerings will only enhance the appeal and convenience of the Cape Liberty Cruise Port at The Peninsula at Bayonne Harbor," said Nancy A. Kist, Executive Director, Bayonne Local Redevelopment Authority (BLRA).

The 3,114-guest *Voyager of the Seas* remains one of the most innovative ships at sea. Introduced in 1999, *Voyager* was the first cruise ship to feature a rock-climbing wall, an ice skating rink, an in-line skating track and a horizontal atrium - The Royal Promenade shopping, dining and entertainment boulevard. Guests have six restaurants and more than a dozen lounges and bars to choose from, as well as a state-of-the-art theater and the Las Vegas-style Casino Royale.

Voyager's new five-night Bermuda sailings will begin on May 15, 2005, and will depart every other Sunday from Cape Liberty Cruise Port in Bayonne, N.J. The new cruises alternate with a nine-night Caribbean itinerary first introduced in May 2004, which takes guests to Labadee, Hispaniola; Ocho Rios, Jamaica; George Town, Grand Cayman; and Freeport, Grand Bahama Island.

In Bermuda, the *Voyager* will dock overnight in King's Wharf, amid the majesty and history of the Royal Naval Dockyard, giving guests two full days to experience the abundant beauty and charm of the island. High-speed ferries also will be available to take guests to points of interest throughout the country.

In addition, through Royal Caribbean's Explorations! shore excursion program, guests will be able to explore the Bermuda Triangle from beneath the waves; kayak the island's

sheltered waterways; cast for blue marlin, wahoo and tuna on a deep-sea fishing trip; or stroll back in time in historic St. George's, a UNESCO World Heritage Site. All shore excursions can be booked in advance on our website.
